## MAGINCIA GUARDED

by Garrett Granth

The recent population of  
"Guardians of Magincia,"  
also known as Cu Sidhe,  
has exploded in  
Magincia!  
The BS sent a reporter  
- our Garrett Granth, to  
investigate.

What he found is in no  
way shocking.

These Cu Sidhe are  
actually well-trained  
beasts, trained and  
released by one "Sheldon  
Cooper," the 'Legendary'  
Trainer of animals!

Since the Cu Shide  
beasts are only innately  
hostile to those of evil  
alignments, most travelers  
should have little to fear  
in New Magincia.

But for those whose  
hearts crave the craven,  
beware!
